# OutcmRpt

---

**Variable Label:** #34: Outcomes Reporting Status

**Definition:**

The outcomes reporting status represents the youth's participation, or lack thereof, in the outcomes data collection. If a youth is in the baseline or follow-up sample or population, but the State agency was unable to collect the information, the reason is indicated. The valid response options for this element are described below.

- Youth participated: The youth participated in the outcome survey, either fully or partially.
- Youth declined: The State agency located the youth successfully and invited the youth's participation, but the youth declined to participate in the data collection.
- Parent declined: The State agency invited the youth's participation, but the youth's parent/guardian declined to grant permission. This response may be used only when the youth has not reached the age of majority in the State and State law or policy requires a parent/guardian's permission for the youth to participate in information collection activities.
- Incapacitated: The youth has a permanent or temporary mental or physical condition that prevents him or her from participating in the outcomes data collection.
- Incarcerated: The youth is unable to participate in the outcomes data collection because of his or her incarceration.
- Runaway/missing: A youth in foster care is known to have run away or be missing from his or her foster care placement.
- Unable to locate/invite: The State agency could not locate a youth who is not in foster care or otherwise invite such a youth's participation.
- Death: The youth died prior to his participation in the outcomes data collection.
- Not in sample: The 19-year-old youth participated in the outcomes data collection as a part of the baseline population at age 17, but the youth is not in the State's follow-up sample. This response option applies only

when the outcomes data collection is required on the follow-up population of 19-year-old youth.

- Blank: Allowed as a value only if the youth is not in the baseline population or if his/her birthday falls within 45 days of the end of the report period.
